

## INTRODUCTION      JAMES SAMUEL HARFORD DESCENDANTS CHART

Attached is a chart showing the descendants of James Samuel and Bridget Harford.

This chart replaces the one that was put on the website in December 2010. The chart is growing as further research and story writing continues and also our contacts with other relatives grow. Naturally the chart also grows with the progressive expansion through marriages and births and it also contracts with deaths.

With continuing changes the chart on the website will be periodically updated.

One purpose of the website is to communicate the information to other members of the Harford family and in particular the branch started with the marriage of James Samuel and Bridget. However another purpose is to obtain responses from other members of the family who may have additional details that will allow us to fill in the many gaps that are presently in the chart. For this reason the chart has been substantially expanded and now covers six generations.

We would be very pleased if everyone looks at the details on the chart and should they find names, dates and places of events missing or incorrect we would be love to hear from you. Simply reply by using the **Contact Form** in the **Contact Us** page of the website.

Thank you for your continuing support.
